I lost my job in Feb 08, I have been out of work for over 2 years. I spend hours a day applying for jobs not a call back or

interview do you even know how frusting this is?? Probably not cause you people have a job & are not going threw this recession

is the worst I have ever seen it!!!! A friend og mine works in HR she said for one position for only 2 hours being posted 370 people

applied for this job. She couldn't even go threw all the applications. I wanted to share this just to give a little sight of what is going on in the word.

I am a single mother with two children. I have exhausted ALL my benefits three months ago. I have to file Bankruptcy I can't afford to pay anything!!!

I am going to Lose everything that I worked so hard for.. I have worked since I was 15 years never been without a job. I am 34 still very young, but never thought this would happen to me. How can Nancy Pelosi say No more weeks of unemployment that we are lazy she has a lot of nerve!!!! A reporter asked her will there be any plans to help the 99ers.. Nancy responsed with NO. The bill they have in place will go to November, at that time they think of something!!! Is she kidding me??? We need an extension like yesterday!!!!!!!! Please help!!! Enough of my story I am sure that there are a lot more to come!!!!
